How do I start to express my self about

Love always

"Beverly Blanks"

Anthia,
I have really enjoyed
being in your 4th and 5th period
classes. It has been a ball! and
when you are not here everything seems
sad and quiet, because you are the life of
the party. Sorry that things didn't work out for
you and Bev. But I hope you find the right
person that you are looking for. The one that will be
true to you and will treat you right. I hope
our friendship will last always, because I
think we have the best friendship around.
In the near future I hope you will have
the best of luck and you will always get
the good things in life that you are
looking for.

Anthia,
I think the best
thing the Lord
did for me was
sent you. You're
one of the good
people I can
get along
with. A true
and honest
friend. Luck
to you and
all the
Lucky girl.

1973 A FINAL ODYSSEY

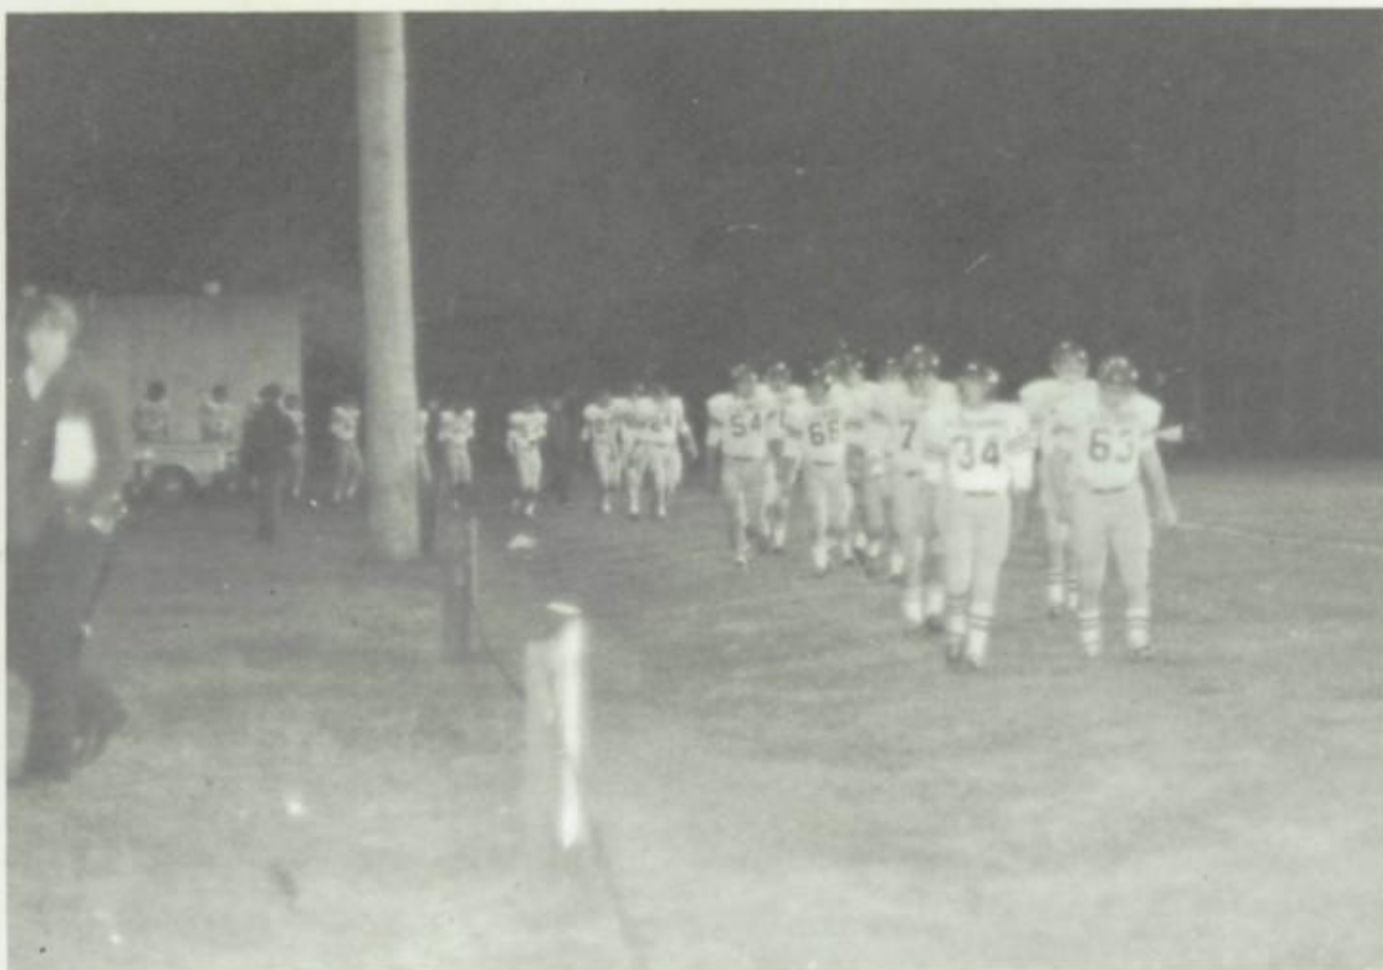

For 116 Seniors at Bladenboro High School, 1973 is the last step in a long journey. Together they have shared an unforgettable phase of life ... a time to shed youth and take that all-important step into the rapid pace of tomorrow's world ... a time to realize complexities that were never visible before ... a time of bewilderment and indecision ... a time to laugh, to cry, to plan, to love ... a time to share.

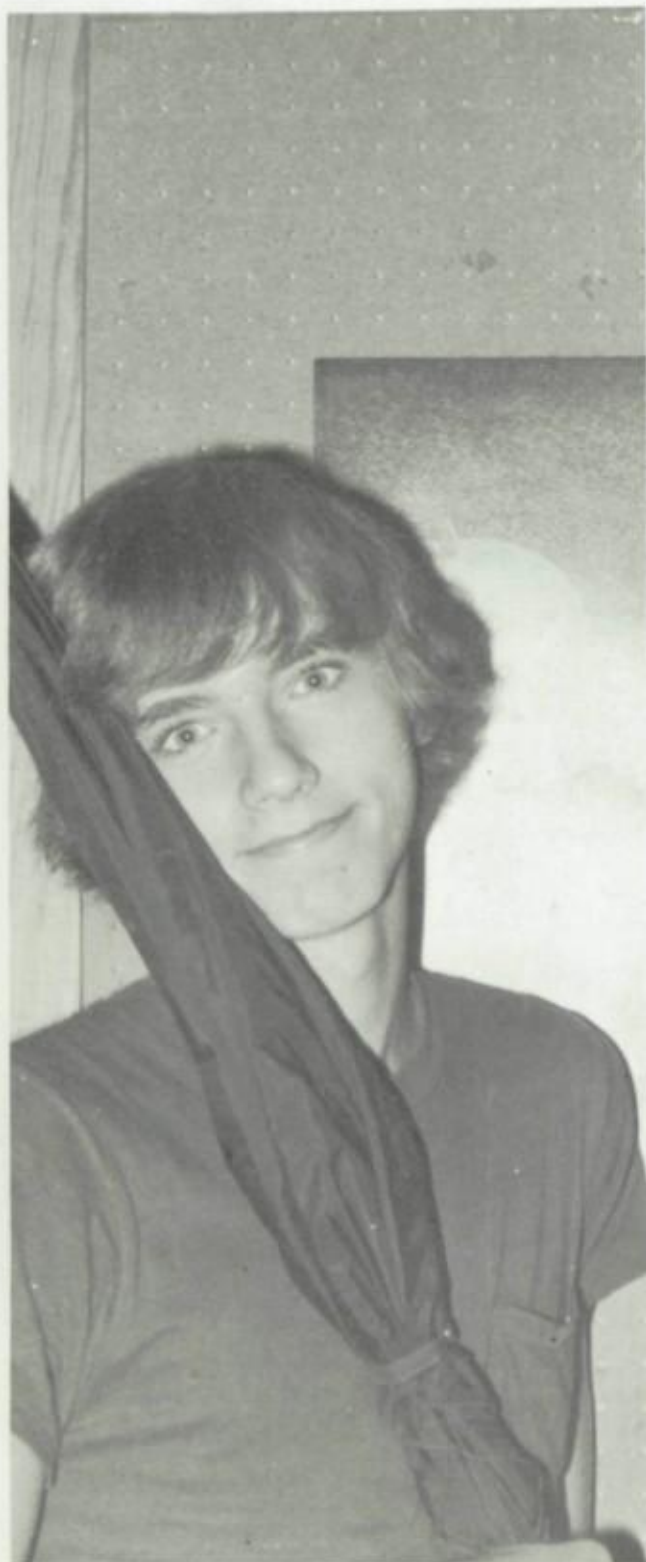

Stops Along the Way . . .

Crowded lockers, jammed halls, homework, pop tests and pep rallies, homecoming, chocolate milk at break - winning and losing and hoping - a few of the adventures encountered at BHS.

MESSAGE FROM THE PRINCIPAL

"Qualities such as honesty, courage, perseverance, justice, and respect, we call endearing values. Other qualities will continue to grow with the passage of time. Choosing wisely in the decisions you make, whether in school or out, will help fashion your most priceless possession, your character. Dreaming of doing the big things but failing to do the little things often make this world a dreary place in which to live.

We are constantly seeking new excitements, new thrills - We crave an ever-increasing variety of sensations. It is this craving and its satisfaction that make the mind and heart enlightened and enriched. You must know what you are thinking, what you believe or do not believe, because creative happiness comes only when there is inward richness, which can never be attained through any one system."

DEDICATION

When we recall the highlights of our high school years, it will be to our teachers that we owe our greatest tributes. They have worked diligently that our insights might be deepened and our knowledge magnified. In appreciation to one of these, who has worked for us and with us in devoted service, the 1973 MEMOIRS Staff proudly dedicates this annual to . . .

BHS ANNUAL STAFF

Burning the midnight oil, chewing fingernails, begging for ad money in the rain, doing layouts, searching for Frances and her "dynamic" camera, getting money in to Sherry before being mugged in the halls, dragging Barbara out at all hours of the day and night - these are the fond memories of the MEMOIRS Staff, as they created "The Odyssey" of 1973 in pictures and prose.

Whether it's getting the play from the bench on an important third down, a half-time locker room pep talk, or a coach's last-minute advice to a batter going to the plate, communication plays a key role in the scheme of any athletic program.

The cheerleaders really worked this year. They practiced hard, cheered at all of the ballgames, and led the pep rallies. They even managed to find time to fix the football players little snacks before the games. Bladenboro High is indeed proud of its cheerleading squad!

Golf, a sport of aces, eagles, birdies, pars, woods, irons, and many other terms that confuse the non-golfer, is one of the few sports in which any individual, whether tall, short, hefty, or small, can participate. A highly competitive sport, golf teaches respect for others, and places the amateur in direct competition with the professional every time he plays because he is constantly battling to shoot par - par being the score the professional would probably have were he on the course. Though sometimes frustrating, this contest makes golfing enjoyable and fun.

Golf at BHS provides an opportunity for interested boys to compete both as individuals and as a team. Through such matches, they develop skills that can be used for the benefit of the team, and later in single competitions.

HOMECOMING 1973

On October 27, 1972, BHS welcomed its alumni with a late afternoon parade featuring imaginative floats, pretty representatives, and high spirits. At eight o'clock the mighty Bulldogs, cheered by the exuberant crowd, ran onto the field to face the Hallsboro Tigers. Spirits were somewhat dampened by the outcome of the football game, but disappointments were soon forgotten as students, past and present, danced the night away to the music of the "Soul Serenaders."

Anthea,
Soon, too soon, I'll be gone, but memories will always
be with me. When I think of you I'll think of
those "marvelous eyes of yours". They have so much
depth and tenderness. No one else I really don't know
you that well, but seeing you in the hall, just smiling,
is one of those precious little things in life that
I'll always hold dear. Don't think I'll forget you
because I won't. I can't. Can one forget the sunshine? No!!
Neither can I forget you. Maybe someday I'll get to
know you better. Believe me, that someday won't be too
soon.

Hi Anthea,

I know you didn't leave this aerial for me, but I hope that you don't mind. I come to start by saying you are a nice person, like Beverly said you are sweet. I didn't talk to you much this year, but the times I have talked to you, you were very nice. Anthea you keep on being nice you will make it somehow. You are such a great person like everybody said, you are great. Anthea I guess I have to say that me, you and Beverly are in the same vote boat. I hope someday that we all find what we are looking for. I have come to a decision that I don't want nobody and I don't ~~know~~^{need} nobody. I want to be free. I hope that someday that I will find the right guy for me. I really ain't looking for one I tell you the truth I ain't looking for one. I have to say for you that I truly hope that you will find the right girl. You really deserve one. I hope through your friendships with people that you want leave me out. I will love to be a dear of yours. Beverly and I are great friends. Since you all have broken Beverly is not jolly no more. I said Beverly, Anthea must have been a person you really love. I hope that you all find what you are looking for. I love you because you love Beverly and Beverly is a dear, dear friend to me. I like her a lot. I have enjoyed you this year. Keep up the smiles and you will be meet nicer people. Since you've got one more year in school I guess I will get to know you next year. I didn't know you as well, but I hope you will let me get to know you. I would love to have you as a friend then a enemy. I want forget you.

Best of luck to me & my greatest friends. This has been my first year of really talking with you so I have tried to make the most of it.

To get down to French - you just couldn't understand if I ever tried to explain! But if and only if I ~~can~~ ever get to the end of these fifteen days. Yet and still, we have had some great times in French in which we could call good times. Like the days we wrote notes, and the days we clowned around, and my best day, TODAY. But Loney that little tired-ass ----- knows what she can do for me. But then, next year I won't have it to put up with it.

At ~~one~~ time I thought that maybe I would get to know you better than I do but as you well knew you were pretty much occupied and I had things of my own to do. So maybe I can get to have that experience next year. (you reckon?) Whether you let me or not, I think I'll make it a point to. Next year we will have the moments that we have longed waited for -- being Seniors! So with togetherness, we can make the Class of '74 the best class that has ever walked the halls of B.V.S. And then too, maybe that will be the year that we take over! Take care of yourself, Bro and please don't make any mistakes by doing wrong things such as I have done. I shall always remember you as a great friend & a great classmate.

Hi

Anthea?

What's happening baby? Where to start I do not know or where to begin. We haven't been real good friends for long. But next year I hope we can be real close friends. I don't know what to say but maybe I can think of something to say. I hope you didn't mind the expression I used. Even though this page is not reserved for anyone I wrote in it anyway. I hope we get to know each other better next year. I haven't known you for long but I heard what type of boy you was. I hope you not to bad from what I heard. Maybe we can get to know each other real, real good next year. Maybe we might can in a class. You might have known me when I was going with that old no good boy (Bobby). (Dig). Well, you will be a rising senior. I wish you a lot of luck in the future with whoever the lucky girl or girls maybe. I have nothing more to say or write in your annual. But I hope you will ^{like} ~~remember~~ what I wrote in here. Don't think of me as (Mrs. Godfrey) because I'm not anyone more. Don't think of me as a bad girl because I'm not as bad as you think I am. I can be sweet when I want to and evil if I want to. Sorry we weren't in any classes, maybe the good Lord wasn't with us. (Smile). I am signing your annual as a friend, not as an enemy. Well let me go to a closing. I am

sorry we're not real good friends. Good luck in the future. May God bless ya! and keep ya!

Keep sweet
and cool & calm
for the girl you
love and I'm sure
she won't reject you.

I Love Ya?

Anthea

Well finally I
get a chance to give
you a few of my soul-soaking
words. There's not you much I
can say to ^{you} like you that I haven't already said
through the 3 years that I've known you. I
have never encountered anyone like you. During the last year, one
year as a classmate but also as a true friend. Now I think I hope
only as a friend, I've become closer and closer to you. I hope
we're getting out of this junior year, one that I think I hope
the best one I've ever had and pretty soon we'll be rising seniors and
the world of old BMS for the last time. I hope
that as you got out into the world of success that you won't forget
little old me. Cause I don't think that I'll ever forget someone like you
you have smooth sailing on the sea of success. Always remember the
times, remember the fun, remember the work that never got done. May you always
lie, steal and drink. Lie in the bed of good health
Steal away from bad company
Drink from the fountain of youth.

Anthea,
You are a nice and intelligent guy. I have enjoyed being
in your classes. I wish you all the luck in the world. You have been
a nice friend and a enjoyable one. There is so much to say
about you I can't express them in words. But I really have enjoyed
you in his story talking about our teacher and how we think we
are to learn all those things at one time. You are the kind
of person I enjoy being with and talking to. You know where it
is. So be cool and don't let nothing get you down. This
year is about over for our school year. See you around.
I hope you enjoy your summer and find the right girl for
you. If I don't see you until school starts again good
luck. We will be the rising senior. The Big One's No
